

FUNKY MONKEY REAR SEAT POST CLAMP

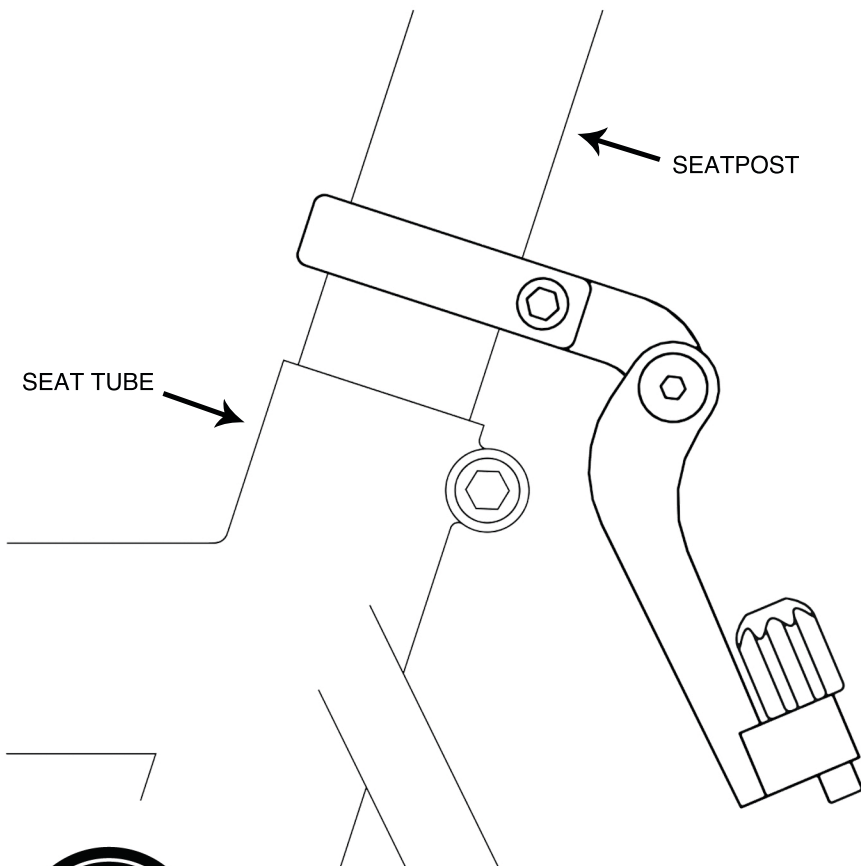

- * Rear cable hanger for centerpull & cantilever brakes
- * Clamps around 27.2mm seatposts
- * Integrated barrel adjuster

made in USA

The **Funky Monkey Rear** gives your bike the ability to work with cantilever or centerpull brakes that have a straddle cable and require a cable stop above the rear brake.

The **Seatpost Clamp** version of the **Funky Monkey Rear** is designed to clamp around the shaft of a 27.2 mm seatpost.
